

## Navigate Company Websites

- ✓ Find the address bar at the very top of the page. It should already have an address starting with http://

\*(not the Google or AVG search box)

- ✓ Backspace to remove and type in a new address such as:

<http://www.walmart.com/>

- ✓ Click Go or hit enter. This will take you to the website.
- ✓ Look for one of the following options on their website  
Vocabulary: careers, opportunities, jobs, employment, about us.

- ✓ Keep search criteria general.
- ✓ Once you have found a position, click on how to apply or applications
- ✓ Some applications are timed.
- ✓ Always verify your application was submitted.
