Trade Adjustment Assistance (TAA) Reversion 2021 Policy

Background:

The Trade Adjustment Assistance (TAA) program assists U.S. workers, adversely impacted by foreign trade, to return to reemployment as quickly as possible. The TAA program offers a variety of benefits and services to support workers in their search for reemployment. Workers may be eligible for training, a job search allowance, a relocation allowance, and other reemployment services. Workers may be eligible for other benefits; for example, the Trade Readjustment Allowance (TRA) or Alternative Trade Adjustment Allowance (ATAA). If the worker has not attained suitable employment following the trade-impacted dislocation or received other TAA benefits that precluded training, TAA training is a “lifetime” benefit, allowing one (1) training per certification.

Prior to July 1, 2021, trade-affected workers covered by a certified TAA petition were eligible to apply for TAA benefits and services under one of the amended versions: 2002, 2009, 2011 or 2015. Workers receiving TAA Program benefits and services under any of these versions of the TAA program will continue to receive the applicable benefits and services.

The TAA Reauthorization Act of 2015 includes reversion and sunset provisions effective July 1, 2021, and July 1, 2022, respectively. The reversion provisions require the TAA program to revert to a prior version of itself, with some changes, on July 1, 2021. TAA Reversion 2021 is the outcome of the requirements. Any workers covered under a petition for TAA filed and certified on or after July 1, 2021, will be covered under this policy.

Scope: This policy applies to all service providers operating TAA, TAA program managers, TAA fiscal officers, and the TAA monitoring team. This policy is effective July 1, 2021.

Policy:

A. TAA Petition Process

- During reversion, the petition process outlined in the TAA 2015 Policy will apply.

B. Case Management and Outreach Activities

- During reversion, case management and outreach activities must be funded by another source.

C. Initial Assessment
During reversion, an initial assessment is required for all trade-affected workers, not just those interested in training. It must be scheduled to ensure compliance with enrollment deadlines and administered with the worker's cooperation. A partner program assessment may be used if compliant with 20 CFR 618.335 or .345. Components already completed do not need to be replicated. The results of the assessment will help determine the best path to the worker's reemployment. The following should be considered:

- Labor market information;
- Worker knowledge, skills, and abilities;
- Transferrable skills;
- Evaluation of skill levels; and
- Barriers to employment.

D. Co-enrollment in the National Dislocated Worker Grants Program and Priority of Service for Veterans

- Federal regulations require that TAA-eligible workers must be co-enrolled in the WIOA National Dislocated Worker Grants Program if they are eligible.
- Service provider staff must give priority for approval and funding of TAA Program benefits (including training when training criteria are met) to a trade-affected worker meeting the veterans’ priority of service criteria established under 38 U.S.C. 4215

E. TAA Program Eligibility

- After a Trade Act petition has been certified, impacted workers may submit a TAA application (ETA-855) to determine if they meet individual eligibility requirements.
- The application (ETA-855) is completed jointly by the impacted worker and TAA service provider. All questions must be answered carefully and completely. The signed application is submitted to the TRA Unit Coordinator at the Montana Department of Labor & Industry's (MDLI) Unemployment Insurance Division for determination.
- The TRA Coordinator will review the employer-provided list of impacted workers and declare the worker TAA/TRA-eligible or ineligible based on whether his/her name appears on the list.
- Upon determination, a worker is issued a Determination of Entitlement TAA/TRA (ETA 857).
- Determination for both TAA and TRA are included in the ETA 857. It is possible that workers may qualify for TAA but not TRA.

F. Information on Training

Information on individual counseling to determine which training is suitable training and information on how to apply for such training is available in local and regional areas. The individual must be notified in writing of the training determination, the reasoning behind the determination, and the right to reconsideration or appeal.

State TAA Coordinator approval is required for training plans that cost $25,000 or more.

G. Information on How to Apply for Financial Aid

Referring workers to educational opportunity centers and notifying them that they may request that financial aid administrators at institutions of higher education use their discretion under section 479A of the Higher Education Act when determining the worker's need for federal financial assistance under Title IV. For example, current year income data may be considered in place of the preceding year’s income data.

H. Short-term Prevocational Services

Including development of learning skills, communication skills, interviewing skills, punctuality, personal care skills, and professional conduct to prepare individuals for employment or training.

I. Individual and Group Career Counseling
Including job search and placement counseling, during the period in which the individual is receiving a trade adjustment allowance or training; and after receiving such training for purposes of job placement.

J. Provision of Employment Statistics Information
Including accurate information related to the local, regional, and national labor markets and:
- Job vacancy listings in local, regional, and national labor markets;
- Information on job skills necessary to obtain the jobs identified in the vacancy listings;
- Information about local, in-demand occupations and their related earnings potential; and
- Skill requirements for local occupations.

K. Trade Readjustment Allowances (TRA) – Requirements, Duration, and Benefits
During reversion;
- The maximum number of weeks of TRA for which a worker may be eligible is 130 weeks.
- Reversion eliminates the requirement that the first week of TRA eligibility is the first week following the TAA certification date. The first week of TRA eligibility is the week that begins more than 60 days after the date that a petition was certified.
- While a worker is in part-time training, payment of TRA is allowed.

1. Basic TRA
a) To qualify for TRA for any week of unemployment, an individual must meet the following requirements as detailed in 20 CFR 618.720:
   (1) An approved petition
   (2) Separation from qualified employer
   (3) Employment and wages - at least 26 weeks with earnings of at least $30 per week
   (4) Exhaustion of all entitlement to Unemployment Insurance (UI), Extended Benefits (EB), and any federal extensions
   (5) Participation in TAA training which is met by either:
      (a) Enrollment in or participating in a training program approved under 618.610; or
      (b) Completion of a training program approved under 618.610, after a total or partial separation from adversely affected employment within the certification period; or
      (c) Receipt of a written waiver of the participation in training requirement from the State Agency under 618.735.
   b) The eligibility period for Basic TRA is the 104-week period following the week of the worker’s last total qualifying layoff from trade-impacted employment. A total qualifying layoff for TRA purposes is a layoff of seven (7) days or more. The eligibility period is reset following each subsequent qualified layoff, provided the TAA worker meets the criteria for a TRA claim.
   c) The TRA weekly benefit amount is always the same as the UI weekly benefit amount from the parent claim, even if the 104-week eligibility period is reset.
   d) The maximum Basic TRA amount payable is 52 times the TRA weekly benefit amount from the parent claim minus the total sum of unemployment insurance the TAA worker was entitled to under that claim and, if applicable, any benefit extensions; regardless of whether or not the TAA worker actually received the benefits.
   e) To receive Basic TRA, the TAA worker must:
      (1) Be enrolled in or waived from TAA-approved training by the later of:
         (a) The last day of the 8th week after the TAA participant’s most recent qualifying layoff; or
         (b) The 16th week following the day in which the participant was totally separated from employment.
      (c) Be participating in or within 30 days of starting TAA-approved training or receive an extension to within 45 days under justifiable circumstances, such as training cancelation, illness, or injury; or
      (d) Be actively seeking work and on a training waiver; or
(e) Have completed a TAA-approved training plan and be actively seeking work.

(2) TAA workers must be fully registered in MWorks and the case manager must take an active role to help the worker secure employment.

2. Waivers
   • During reversion, the three reasons for issuing waivers outlined in the TAA 2015 Policy apply.

3. Extended Benefits (EB) Work Test
   • During reversion, the EB Work Test requirements outlined in the TAA 2015 Policy apply.

4. Additional TRA
   a) During reversion, TAA workers must apply for training within 210 days to be eligible for additional TRA.
   b) TAA workers must be participating in an approved training program, have exhausted Basic TRA, and meet all other requirements for TRA.
   c) After exhaustion of Basic TRA, Additional TRA is payable for up to 65 weeks.
   d) To accommodate breaks in training, the worker may collect 65 weeks of Additional TRA benefits during the span of 78 weeks. This enables workers to participate in longer training with possible longer breaks in training.
   e) Payments of Additional TRA may be made only for those weeks during the 78-week eligibility period following the last week of entitlement to Basic TRA and during the weeks in which the TAA worker is participating in TAA approved training.
   f) Additional TRA is not available after completion of training or during waivers of training.

5. Completion TRA

6. Health Care Tax Credit (HCTC)

7. Breaks in Training

8. Overpayments
   a) If MDLI or a court determines an individual received any benefits to which they are not entitled, including TRA, the individual is liable to repay those benefits to MDLI. Repayment may be waived by MDLI under the following circumstances:
      (1) the payment was made without fault on the part of the individual worker; and
      (2) requiring such payment is contrary to equity and good conscience.
   b) TRA overpayments may be recovered by deduction from any sums payable under TRA, UI, or other benefits paid with respect to unemployment under a program administered by MDLI.
   c) Unless an overpayment is due to fraud, recovery of overpayments of TRA is waived if it would cause a financial hardship for the individual and or the individual’s household; when taking into consideration the income and resources reasonably available to the individual or household and other ordinary living expense of the individual.

9 Alternative Trade Adjustment Assistance (ATAA)
   During reversion, ATAA is the wage subsidy for workers who are 50 years of age or older and are part of a group certified as ATAA-eligible. Workers in an OJT or an apprenticeship are not eligible for ATAA. Unlike RTAA, ATAA is a choice between training and the wage insurance benefit. If the worker prefers the ATAA program, they should
be encouraged to take advantage of reemployment services and assistance to reach the goal of returning to work within 26 weeks of their qualifying separation. ATAA payments supplement a portion of the wage difference between their new wage and their old wage.

a) To be eligible for ATAA a worker:
   • Must be at least fifty (50) years of age. The worker may be fifty (50) years old at the time of reemployment or reach the age of fifty during such employment. Wage subsidy payments may only be made for periods after the worker has reached fifty years old and meets all ATAA requirements.
   • Must be reemployed within 26 weeks of separation and with wages not to exceed $50,000 annually, excluding overtime and bonuses.
   • Must be employed on a full-time basis and not enrolled in TAA-approved training.
   • Cannot work part-time and be enrolled in training.
   • Cannot return to the same division or facility from which they separated. In addition, they cannot do the same or similar work for the employer.

b) ATAA payments are allowed for employer-allowed release time; i.e. sick leave or unpaid holidays.

c) Workers must verify continued employment by submitting pay stubs monthly.

d) ATAA is not payable during periods of unemployment. Once reemployed, the worker must notify their TAA case manager, to determine if eligibility requirements are met.

e) Workers may not receive TRA and ATAA at the same time.

f) Workers may receive some TRA payments and then apply and receive ATAA. However, a worker cannot apply for and receive ATAA, then return to TRA. Once approved, ATAA payments may be retroactive.

g) Workers who received TRA payments may receive an amount equal to the product of $10,000 and the ratio of the number of weeks in the eligibility period.

h) Employment must be covered employment and legal under local, state, and federal regulations.

10. Total Amount of Payments
   • During reversion, the regulations codified at 20 CFR 618.750 apply unless otherwise indicated.

11. Social Security Number Requirements
   Please reference the WIOA Social Security Number Policy for further details.

During reversion, the regulations codified at 20 CFR 618.600 apply to Section N unless otherwise indicated.

L. Reemployment Services
   1. Reemployment services and allowances:
      During reversion, the following services will be included, as appropriate, and must be funded under another source:
      • Employment registration
      • Employment counseling
      • Vocational testing
      • Job development
      • Referral to Supportive Services
      • Self-directed job search; carefully structured to assist individuals in developing skills for finding a job.
      • Case Management

      During reversion, the following allowances may be funded by the TAA Program:
      a) Job search allowances
      b) Relocation allowances

2. Criteria for Approval of Training
Work-based Learning is the preferred method of training and must be ruled out before enrollment in another type of training. Training will be approved based on the following six (6) criteria:

1. There is no suitable employment (which may include technical and professional employment) available to the worker.
2. The worker will benefit from the training.
3. There is a reasonable expectation of employment following completion of the training.
4. Approved training is reasonably accessible to the worker from either governmental agencies or private sources. Local training opportunities must be explored first. If none is available, training outside the worker’s commuting area may be approved.
5. The worker is qualified to undertake and complete training within 130 weeks of the training’s start date.
6. Training is suitable for the worker and available at a reasonable cost.

3. Selection of Training Providers
A provider can be chosen from the ETPL. Training by a provider who is not on the ETPL must be reviewed with the TAA Coordinator.

4. Types of Training
A training program may be full-time or part-time and include multiple types of training and multiple providers. If the criteria are met, prior training approved under a partner program may be approved.

- Work-based Learning is the preferred method of training:
  - Apprenticeships
  - OJT
  - Customized Training
- Institutional, including distance learning
- Other – not limited to remedial, career and technical, prerequisite
- Training that leads to advance degrees (Master’s, Ph.D. etc.), subsequent to a four-year degree
- Training Reemployed Workers
  - An adversely affected worker who obtains new employment and who has been approved for a training program may elect to terminate the employment, reduce their hours worked, or continue in full- or part-time employment.
  - If the adversely affected worker becomes reemployed while attending TAA-approved training, they may continue with and complete training, even if the training plan is modified to part-time.
  - An adversely affected worker who is totally separated may also be eligible for job search and relocation allowances.

5. Limitations
a) Length of training
   1) Appropriate to skill level needed to facilitate employment.
   2) Could be impacted by extent of income support (or 130 weeks).
   3) OJT limited to 104 weeks and must lead to suitable employment.
   4) Apprenticeship limited to work-based learning guideline of 130 weeks with no limit on related instruction.

b) Exceptions:
   1) U.S. Armed Forces reservists called to active duty.
   2) Incumbent workers are not eligible for OJT until after separation.

6. Documentation
- Documentation must be in place prior to approving anyone for TAA training.
- If the cost of training exceeds $25,000, it must be approved by the TAA Coordinator.
- A copy of the initial TAA Training Authorization and subsequent authorizations that amend training dates must be sent to the TRA Coordinator.
• If a training proposal risks formal denial, the service provider should assist the participant to reconsider the required criteria and modify their proposal. If a training request is formally denied, please refer to Administration – Denials and Appeals.
• In some situations, an approved training plan can be changed or revised. The participant may request a change in their approved training plan and the service provider will send a request for approval to the State TAA Coordinator.

7. Selection of training methods and programs
If suitable employment is unavailable to an individual or group of individuals, the service provider staff will explore, identify, develop, and secure training opportunities and establish partnerships with other public and private agencies to return workers to employment as soon as possible. The following training methods and programs will be considered:
• Firm-specific retraining to meet the firm’s current staffing needs;
• OJT or training in a public, area vocational school;
• Apprenticeship;
• Standards related to selection of occupations and training is documented and supported by identifiable demand in the local labor market or consultation with local employers, labor organizations, the State Workforce Innovation Board (SWIB), or other workforce development partners.
• Certain occupations will be excluded if a lack of employment opportunities exists as substantiated by job orders or other labor market data; or provides no reasonable expectation of permanent employment.

8. Tools and Equipment for Training
• The service provider must approve the purchase of tools, including internet service, if they are required for the training and the cost is obligated in advance as part of the training contract.
• The purchase of a personal computer may be approved as a required tool if it is part of the class syllabus. Service providers must request approval from their supervisor prior to a computer purchase. Service providers will submit a completed Computer Purchase Request Questionnaire (WIOA.52).
• Students must submit two estimates for required tools/equipment to their service providers. Payments will be made to the vendor. Estimates and receipts must be retained in the participant file.
• TAA funds will not be used to replace lost or stolen tools.

9. Liable State/Agent State
Montana collaborates with other states in assisting eligible participants with access to TAA reemployment services and benefits. This includes eligible Montana residents seeking services in other states or participants from other states seeking services here. Depending on the specific situation, Montana is considered the liable state or agent state.

Liable State
• For TAA-certified participants laid off from a firm operating in Montana, Montana is responsible for the administration of all claims for program benefits and providing reemployment services and making related determinations and decisions on appeals, waivers, subsistence, and transportation payments.
• Provides workers with information and assistance related to benefit allowances, training, and other services available; the application process and the appropriate filing dates for such allowances, training, and other services.
• Provides Rapid Response and career services using another funding source.
• Provides information to the IRS for Health Coverage Tax Credit purposes.
• Service providers may make the provision of job search allowances and relocation allowances discretionary benefits rather than entitlements. Montana opted to continue providing these
benefits. Individuals who are agent state participants must apply for the benefits with the liable state. If the liable state does not offer these benefits, they will deny the request. Montana’s TAA program cannot cover these costs if the liable state denies the benefit.

- When participants are certified in another state and seek TAA services in Montana, the other state is the liable state.

Agent State

- This state cooperates with the liable state to deliver TAA program benefits. The agent state’s responsibilities include assisting participants with applications and claims; providing reemployment and case management services using another funding source; providing the liable state with the information necessary to issue determinations; decisions on appeals; and procuring and paying the cost of approved training and related subsistence and transportation costs, according to determinations made by the liable state.
- Montana is the agent state when assisting a participant certified for the Trade Act in another state and the participant is seeking services in Montana. The other state is the liable state and is responsible for the appropriate final decisions. Montana, the agent state, is responsible for direct contact with the participant and specific payments for approved training and subsistence and transportation costs.
- TRA is managed by the state in which the participant received the layoff. When the affected participant relocates to another state, TRA is managed by the original state. For example, a participant who attends TAA training may be case-managed for TRA by one state and case-managed for TAA by another state.

10. Subsistence/Transportation Payments

- Service Provider responsibilities:
  - Advance payments are optional, but strongly encouraged to help participants stay in training.
  - The service provider may approve a transportation allowance for a participant when the training facility is located outside the participant’s normal commuting area.
  - The service provider may not approve a subsistence allowance for a participant who is receiving a transportation allowance to attend training outside their normal commuting area. The participant must not be receiving living assistance from any other funding source or partner-funded program.
  - The service provider may provide subsistence or transportation payments for a maximum of two weeks at a time. Before the participant receives payments, the service provider must approve and obligate transportation or subsistence allowances.
  - The participant will only receive transportation or subsistence allowances for days on which he/she attends training as documented on attendance reports.
  - Subsistence payments may be advanced
- Transportation payments may not exceed the lesser of:
  - The actual cost for travel by the least expensive means of transportation reasonably available between the participant’s home and the training facility; or
  - The cost per mile at the prevailing federal mileage rate.
- Subsistence payments may not exceed the lesser of:
  - The actual daily cost for temporary lodging and meals in the area of training; or
  - Fifty (50) percent of the prevailing federal rate for lodging and meals for the area.

11. Work-based Learning

- On-The-Job Training (OJT)
Reimbursement of training costs under an OJT contract of up to 50 percent; with a maximum amount of 104 weeks of reimbursement to the employer.

TAA funds may only be used to reimburse the employer for the costs associated with training the participant; and not for benefits, overtime hours, or hours beyond 40 hours per week. In addition, TAA funds cannot be used to pay wages directly to the participant. If an apprentice is not required to pay for training, TAA funds cannot be used to pay for related classroom instruction.

- **Apprenticeships**—To the extent possible under the TAA program guidelines, service providers should promote apprenticeship programs that provide the skills necessary for the individual to obtain employment in an occupation. Before approving apprenticeship training, service providers must ensure the following conditions are met:
  - Reimbursement to the employer, up to 50 percent of the apprentice’s regular wage for the cost of providing training and supervision. It is not a wage subsidy.
  - The rate is based on the worker’s wage and may be adjusted per the rules of the apprenticeship.
  - The length of the paid work-based learning component must not exceed 130 weeks. However, the length of the educational or instructional training component of the apprenticeship may exceed 130 weeks and continue through the scheduled completion of that specific apprenticeship training.
  - Apprentice expenses associated with the educational or instructional component (e.g., classroom and distance learning, tools, uniforms, equipment, and books) may be paid for with TAA program funds.
  - Because an apprenticeship offers the individual employment and a combination of on-the-job learning and related instruction, attendance in the apprenticeship training is considered full-time.

- **Customized Training**
  - Customized Training means training that is:
    - Designed to meet the special requirements of an employer or group of employers;
    - Conducted with a commitment by the employer or group of employers to employ an individual upon successful completion of the training; and
    - Funded significantly by the employer (50 percent or greater).
  - Businesses may be reimbursed by the TAA program for up to 50 percent of the costs incurred by the providing the training; including staff/instructor time or training materials.
  - Customized skills training can be provided after a TAA participant is hired or if a business makes a commitment to hire the participant upon successful completion of the training.

Under reversion, all provisions at 20 CFR 618, Subpart D, apply to section M.

### M. Allowances:
Payment in advance is encouraged to ease the burden on the participant. If payment is not made in advance, reimbursement must be weekly.

#### 1. Job Search
- **a)** Certified workers who apply for TAA services may be eligible for Job Search Allowances. Job Search Allowances can cover expenses incurred by workers while seeking employment outside their normal commuting area.
- **b)** Workers may receive reimbursement for ninety (90) percent of the necessary out-of-area job search not to cumulatively exceed $1,250.
- **c)** These funds are to assist workers in securing work within the United States when the case manager determines that no suitable work is available in the commuting area in which the worker resides.
d) The worker must file a job search allowance application no later than one year (365 days) after the date of their last total separation from adversely affected employment or from the date of their certification, whichever is later; or
e) A worker enrolled in TAA-approved training must file the application not later than six (6) months, 182 days after completion.
f) A worker must request approval in writing prior to conducting the out-of-area job search. They must have a scheduled and confirmed employment interview in order for the case manager to approve the request.
g) The case manager will not reimburse out-of-area job search expenses without receipts as evidence of actual costs.
h) The worker must complete the out-of-area job search within thirty (30) days from the day when the job search began.

2. Transportation for Job Search

a) The amount allowable for transportation will not exceed the lesser of:
   (1) Ninety (90) percent of the actual cost of a round trip by the most economical public transportation the worker can reasonably take from the place of residence to the area of job search; or
   (2) Ninety (90) percent of the cost per mile at the prevailing federal mileage rate for round-trip travel by the usual route from the place of residence to the area of job search.

3. Lodging and Meals for Job Search

a) The amount allowable for lodging and meals will not exceed the lesser of:
   (1) The actual cost to the worker for lodging and meals while engaged in the job search; or
   (2) Fifty (50) percent of the prevailing federal rate for lodging and meal for the locality where the job search is being conducted.

4. Advanced Payments for Job Search

a) A case manager may advance an individual up to fifty (50) percent of the amount estimated that the worker will need for their approved job search.
b) The advance can be made within 5 days prior to the start of the job search.
c) Such advances will be deducted from remaining payments that comply with this policy.

5. Worker Evidence of Job Search

a) Upon completion of a job search, the worker will certify the following details on the Job Search Allowance Request form:
   (1) Employer contacts made;
   (2) Daily lodging and meals expenditures.
b) Receipts are required for all lodging and paid transportation expenses incurred during the job search. An adjustment will be made if the amount of an advance is less or more than the amount to which the individual is entitled.

6. Relocation

a) Certified workers may be eligible for relocation allowances. If a worker obtains employment outside their normal commuting area and provides documented proof, relocation allowances provide reimbursement for moving expenses.
b) A totally separated, adversely affected worker covered under a certification may receive a relocation allowance when:
   (1) It is determined that there is no reasonable expectancy that the worker can obtain suitable work within their commuting area; or
   (2) The worker obtains permanent, full-time suitable work or a bona fide offer of suitable work in the area of intended relocation.
c) Workers may receive a relocation allowance for ninety (90) percent of the reasonable and necessary expenses incurred in transporting the worker and their family and household effects to the area of relocation.

d) The worker may also be eligible for a lump sum equal to three times the worker’s average weekly wage; not to exceed a total of $1,250.

e) The worker must request relocation allowances in writing and in advance of relocation.

f) The worker must file an application for the relocation allowance within 425 days after the date of certification under which the worker is covered or the date of the worker’s last total separation from adversely affected employment, whichever is later; or

g) The worker enrolled in approved training must file an application no later than 182 days after completion of such training.

h) Workers must submit receipts for reimbursement.

i) Workers will not use TAA funds to cover the costs of relocation paid by a prospective employer or other programs.

j) The case manager will exclude the following items from coverage. The worker will assume costs for and personally arrange for transportation of:

   (1) Items of high intrinsic or sentimental value;

   (2) Jewelry, collector’s items, etc.

   (3) Animals;

   (4) Boats or personal watercraft;

   (5) Airplanes;

   (6) Camping vehicles;

   (7) Farming vehicles;

   (8) Explosives or dangerous goods;

   (9) Outside fuel tanks or similar non-household articles;

   (10) Cord wood and building materials;

   (11) Perishable food subject to spoilage; and

   (12) Mobile/manufactured homes (unless primary residence of employee).

   (13) Snowmobiles, quads, golf carts, and other vehicles with two or three wheels may be shipped as household goods; i.e. motorcycles, mopeds, segways, etc. The weight of these vehicles will count against the 18,000-pound limit available for reimbursement. A worker must pay 100% of the associated costs for the weight of household goods in excess of the 18,000-pound allowance.

k) If using a commercial carrier, two (2) competitive bids or other adequate justification for the cost of service is required. Except for extenuating circumstances, a worker must accept reimbursement at a commercial carrier’s lowest bid.

l) Upon completion of relocation, the worker is required to submit receipts within 30 days.

m) Relocation must be completed within one (1) year. The one-year time limitation may be extended up to one additional year for reasons beyond the worker’s control and that are acceptable to the State TAA Coordinator.

7. Transportation for Relocation

a) The amount allowable for transportation will not exceed the lesser of:

   (1) Ninety (90) percent of the actual cost of the trip for the worker and any dependents by the most economical public transportation they can reasonably take from the place of residence to the area of relocation; or

   (2) Ninety (90) percent of the cost per mile at the prevailing federal mileage rate for relocation of the worker and any dependents by the usual route from the place of residence to the area of relocation.

b) Up to two (2) privately-owned vehicles can be moved by the most direct route at ninety (90) percent of the prevailing federal mileage rate, provided:

   (1) The worker and/or dependents travel to the new location in such vehicle;

   (2) The vehicle is driven rather than towed;

   (3) Under this move, no other claim for worker and/or dependent transportation costs is made; and

   (4) Other family members and/or household goods will be traveling in the authorized vehicle(s).
8. Lodging and Meals for Relocation

a) The amount allowable for lodging and meals will not exceed the lesser of:
   (1) Ninety (90) percent of the actual expense for lodging and meals; or
   (2) Ninety (90) percent of the allowable fifty (50) percent of the prevailing federal rate for lodging and
       meals.

b) Payment will be limited to the number of days reasonably necessary to travel to the new location when
   traveling by personal vehicle. If more than one (1) day of travel is necessary, 425 miles per day will be the
   standard. When traveling by commercial air, one (1) day is normally allowed for travel. Lodging and meals
   at the new location may be authorized for a reasonable period when circumstances warrant. Receipts must be
   submitted by the worker, even when the federal rate for lodging and meals is used.

9. Moving for Relocation

a) The amount allowable for moving will not exceed ninety (90) percent of the cost of moving the household
   goods of the worker and dependents; and ninety (90) percent of the reasonable cost of insurance for moving
   the household goods or moving a mobile home by commercial carrier or other means of transport to the new
   location.

b) The total amount allowable for moving must not exceed the cost of moving a maximum of 18,000 pounds of
   household goods between the place of residence and the new location by commercial carrier. The worker will
   pay charges for weight in excess of 18,000.

10. Storage for Relocation

a) The case manager will allow storage costs for up to sixty (60) days at either the point of origin or destination,
   but not both. The request for storage must be approved prior to the move; with the specific storage costs
   identified.

11. Advance Payments for Relocation

a) The case manager may advance a worker up to fifty (50) percent of the estimated amount that he/she will
   need for relocation.

b) The advance can be made within five (5) days prior to the start of relocation.

N. Administration

1. Denials and Appeals:

   - A service provider may issue a written determination denying a TAA activity with the concurrence of the
     State TAA coordinator; i.e., Job Search Allowance, Relocation Allowance, Classroom Training, OJT, or
     Customized Training). The service provider must submit the TAA Denial Notice Form.

     o Prior to a determination to deny services, the service provider must make every effort to
       work with the participant to modify their request and develop an acceptable training plan.

     o Prior to a determination to deny services, the service provider will contact the State TAA
       Coordinator to discuss and review the denial before issuing a formal decision.

     o The service provider will submit the draft determination with the basis for the decision and
       supporting details to the State TAA Coordinator.

     o If the State TAA Coordinator disagrees with the decision to deny services, the Coordinator will
       request that the service provider submit additional documentation stating the reasons for the
       denial: identifying the applicable law, federal regulations, state policy and/or directive.

     o If the State TAA Coordinator agrees with the decision to deny services, the Coordinator will notify
       the service provider in writing to proceed with the denial.

     o Upon receipt of written concurrence from the State TAA Coordinator, the service provider will
       send a formal written TAA Denial Notice to the participant, including information on the right to
       appeal.

     o The service provider will send a copy of the formal determination to the State TAA Coordinator.
• A participant who receives a written determination to deny benefits and does not agree with the decision has
the right to appeal. The participant must file the appeal within ten (10) days after the date of notification.
• A participant must file an appeal with the service provider’s office. That office will contact the State TAA Coordinator for guidance on processing the appeal.

2. Technical Assistance
• Technical assistance and training may be recommended by the monitoring unit or requested by the service provider. It may be the means of improving program operation, implementing corrective action, or providing information. Please coordinate all requests for technical assistance and training with the State TAA Coordinator.

• Requests for minor technical assistance may be made verbally or in writing. For assistance with more complex issues that impact participant services significantly, please submit the request in writing, so MDLI staff has enough information to support a successful outcome. Several service providers who request assistance in related areas may be invited to a general training session.

• The State TAA Coordinator may schedule technical assistance visits to service providers to offer information or specific training, discuss areas of concern, evaluate program operation, or a combination thereof.

O. Program Performance
1. Program Participation and Exit Under Common Measures
Please see the Performance Reporting Requirements Policy.

2. Data Validation
Please see the Data Validation Policy.

P. Fiscal
Please see the following for additional details: Cost Principles, Allowable Costs and Unallowable Cost Policy and Cash Management Policy. Requisition and signature forms required in the Cash Management Policy do not apply to the TAA Program.

1. Expenditures and Reporting
• Program costs include training, job search assistance, and relocation allowances.
• All TAA funds must be expended in accordance with the provisions of this policy. Any expenditure of funds which does not comply with these provisions will be deemed disallowed and subject to repayment by a non-federal source.
• Reimbursements made directly to a participant can only be made when presented with receipts.
• Lost and Stolen Check Policy may provide helpful information.

2. Program Income
a) 2 CFR 200.307 Program Income Uniform Guidance

3. Fiscal Records Retention
Additional details are available in the Records Retention Policy.

Q. Management Information System
Adult and Dislocated Worker Assessments, IEP, Activities and Services

R. Non-Discrimination and Equal Opportunity
Additional details are available in the Non-Discrimination and Equal Opportunity Policy.

Monitoring and Evaluation:
- A formal quarterly review of up to 20 TAA program files, including TRA; training services, RTAA, job search and relocation; employment; and case management will be conducted by the entity designated by the SWIB.
